

# VICTORY DEMANDS THESE ACTIONS NOW!

## STOP RIOT CAUSES!

"Riot in any American city must be stopped now . . . before it causes America to lose this war."—Walter White, at emergency national conference, NAACP, last week in Detroit, Mich.

The California EAGLE proposes the following six-point program as a guide to instant action against riot and the threat of riot in this city:

- 1.—Immediate and full punishment of all who participated in last week's mob disturbance, whether civilians, military personnel, or police officers.
- 2.—Prompt action by the Office of War Information and other agencies to halt use of word "zoot suit" with crime stories in Los Angeles newspapers.
- 3.—An end to police brutality against youth of the Mexican community, and mass arrests of Mexican youth.
- 4.—Sweeping social reform in Mexican and Negro communities . . . child-care centers, playgrounds . . . and housing projects.
- 5.—End of race discrimination in public facilities . . . action against Los Angeles Railway company anti-Negro hiring policy and immediate lifting of property race restrictions.
- 6.—Increased employment of Spanish-speaking police personnel and upgrading of qualified Negro officers in the department.
